A.....e.....

Dear Mr President,

In his last video issued as a proof of life, following FARC's announcement of his unconditional release on 16 April 2009, your fellow citizen and servant of the Republic, Mr Pablo Emilio Moncayo, held ignominiously since Decemebr 1997, spoke to you as follows :

**" Mr President... tic, toc, tic, toc...open the door, please !... BECAUSE I WANT TO BE FREE !! "**

Noting his right to life and safety for which you are responsible at the highest level, I am asking you humbly and symbolically to use this key with which to finally open this door that leads to FREEDOM.

Mr President of the Republic of Colombia, I would be very grateful if you could give my request your particular attention.

Yours sincerely,

Signature
